THE SIXTH MONTH - AUGUST 25 TO SEPTEMBER 25

Mary now feels the quickening of the Child Jesus that proclaims His presence within her womb. She sings to Him and feels His presence. At six months, a special covering forms to protect the baby's skin from the fetal waters. The baby's eyes, closed since the seventh week, are now open to its surroundings. The infant is now around 14 inches long and weights 1-1/2 pounds. This baby could survive birth.

Despite the fact that a child of six months has a chance at life, women may legally abort their unborn at any time throughout the nine months of their pregnancy.
